

Rhino 400 Series SoilMarker™

The Rhino 400 Series SoilMarker has a 4" round top and an 8" stake available with or without anchor barbs. The message is molded into the SoilMarker top and can be customized to meet your needs. It is a brightly colored, highly visible, low profile sign.

- It is:
- **Fade Resistant**
 - **Temperature Stable/UV Stable**
 - **Made with Durable RhinoPoly™**
 - **Rugged/Flexible**
 - **Legend is molded into the top**
 - **Available with or without anchor barbs**

Applications

SoilMarkers go where posts won't work. These rugged disks can be walked on, mowed over and driven on. SoilMarkers provide a surface allowing trail messages or survey markings to be seen.

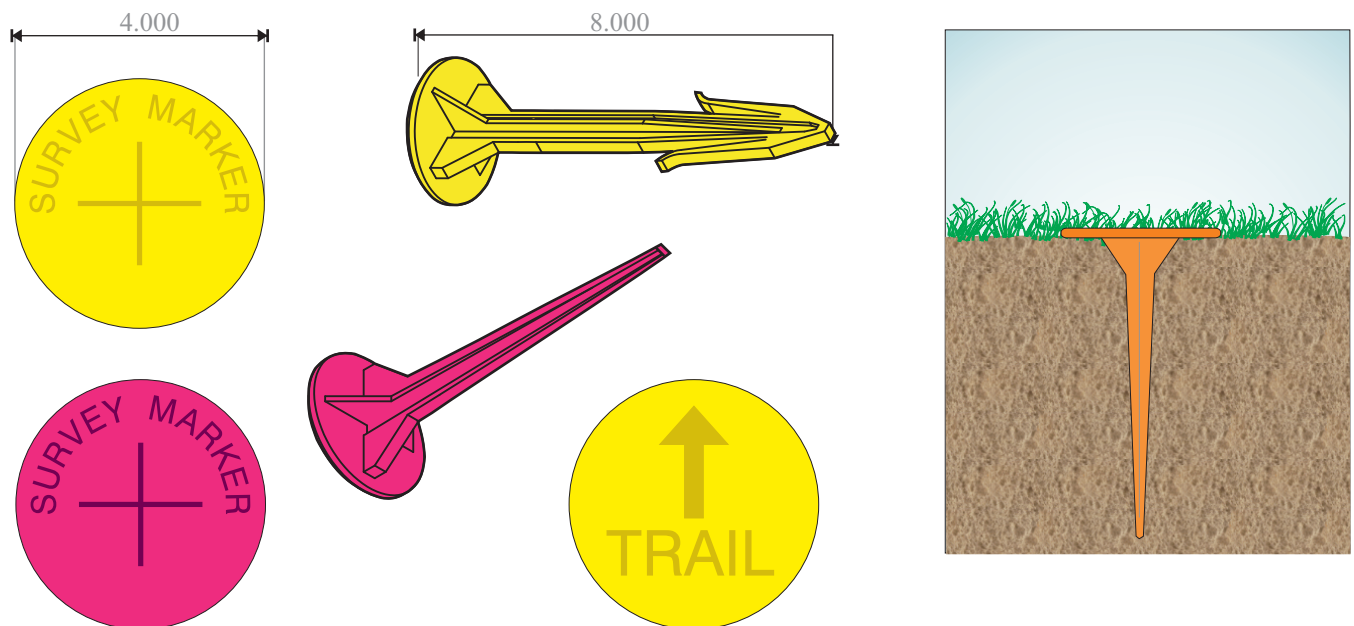

Size & Color

The SoilMarker top is 4" in diameter with an 8" stake. Colors: White, Blue, Green, Red, Purple, Yellow and Orange. Custom colors are available upon request.

Legends

Legends can be customized to meet your needs. Engraving charges apply. Call to receive the Artwork Requirements information.

Minimum order: 50
