

Screen Printed Poly Signs

These brightly colored signs are made with a UV stable proprietary blend of thermoplastics, and are specifically designed for outdoor usage. They are non-toxic and environmentally safe.

Gunshot Resistant

Bullets pass cleanly through our poly signs leaving them legible. Gunshots do not cause chipping or rusting, and unlike aluminum, poly has no scrap value.

Temperature Stable

Our poly signs remains stable from -50° to +150°F.

7 Year Warranty

Our poly signs will not become brittle or fade significantly for a minimum of 7 years.

Colors

Standard poly colors are orange, white and yellow. Standard Print color is black. Optional print colors are orange, white, yellow, blue, red, green, purple and brown. Custom poly colors are available but may require a minimum order or a matching color charge. Custom Print colors may be available. Call for details.
